

LABORATORY OBSERVATION

Course: Full Stack Web Development

Course Code: 23CM4121

Experiment No.: 1

Student Name: K.Vinay

Roll No.: A24126552086

Date: 31-08-2026

1. TITLE

Design of a Basic Webpage using HTML Tags

2. AIM

To develop a webpage displaying college information utilizing fundamental HTML tags such as headings, paragraphs, links, lists, tables, images, forms, and multimedia elements.

3. OBJECTIVE

- To understand the basic structure of an HTML document.
- To implement text formatting, hyperlinks, and multimedia tags.
- To organize tabular data using HTML tables.
- To build a user input form for student registration.

4. THEORY

HTML (HyperText Markup Language) is the standard markup language for creating web pages. It provides structural semantics for text and media. Elements like <header>, <nav>, <section>, <article>, and <footer> offer semantic meaning, while tags like <table>, , <audio>, and <video> enable embedding of data and media. Forms allow collection of user input via various input types.

5. ALGORITHM / PROCEDURE

1. Create index.html and define the basic document structure.
2. Add a header and navigation links to different sections.
3. Use text formatting tags (bold, italic, sub, sup) in the about section.
4. Implement ordered and unordered lists for courses and facilities.
5. Add internal and external hyperlinks using the anchor tag.
6. Design a student details table with borders and cell padding.
7. Embed images for the college logo and campus.
8. Create a registration form with various input types.
9. Add audio and video controls for multimedia playback.
10. Test and verify the page structure in a browser.

6. CODE EXPLANATION

The HTML document starts with the <!DOCTYPE html> declaration, specifying it as an HTML5 document. The <a> (anchor) tags are utilized to create hyperlinks for navigation across sections. A <table> element is implemented to present tabular data with clearly defined headers and rows. The <form> section contains various interactive input fields such as text, email, date, radio buttons, and select dropdowns to collect user data effectively. Lastly, multimedia elements like <video> and <audio> are embedded using their respective tags to enable media playback directly within the webpage.

7. PROGRAM

```
<!DOCTYPE html>
<html lang="en">

<head>
  <meta charset="UTF-8">
  <meta name="viewport" content="width=device-width, initial-scale=1.0">
  <title>College Information Portal</title>
</head>

<body>

  <!-- ===== HEADER ===== -->
  <header>
    <h1>ANITS - College Information Portal</h1>

    <p>
      Welcome to <b>Anil Neerukonda Institute of Technology and Sciences (ANITS)</b>,
      Visakhapatnam.
    </p>
  </header>

  <!-- ===== NAVIGATION ===== -->
  <nav>
    <a href="#about">About</a> |
    <a href="#courses">Courses</a> |
    <a href="#students">Students</a> |
    <a href="#register">Registration</a>
  </nav>

  <hr>

  <!-- ===== SECTION ===== -->
  <section id="about">

    <article>

      <h2>About ANITS</h2>

      <p>
        <b>ANITS</b> is one of the premier engineering colleges in Andhra Pradesh.
        It offers quality education with excellent laboratories,
        experienced faculty and placement opportunities.
      </p>

      <h3>Text Formatting Example</h3>

      <p>
        <b>Vinay</b> (boldtext) <br>
        <i>Vijay</i> (Italic Text) <br>
        <u>jyothi</u> (Underlined Text) <br>
        H<sub>2</sub>O (Subscript) <br>
        x<sup>2</sup> + y<sup>2</sup> (Superscript)
      </p>

    </article>

  </section>

</body>

</html>
```

8. TEST CASES AND EXECUTION DATA

Test Case	Input / Action	Expected Result	Actual Result	Status
TC-01	Form Elements	Verify all input fields	Form fields render correctly	Pass
TC-02	Hyperlinks	Click on links	Links open correct targets	Pass
TC-03	Multimedia	Play audio/video	Media plays successfully	Pass

9. OUTPUT

College Information Portal

File C:/Users/anits-csm/Desktop/FS-86/task1/index.html

ANITS - College Information Portal

Welcome to **Anil Neerukonda Institute of Technology and Sciences (ANITS)**, Visakhapatnam.

[About](#) | [Courses](#) | [Students](#) | [Registration](#)

About ANITS

ANITS is one of the premier engineering colleges in Andhra Pradesh. It offers quality education with excellent laboratories, experienced faculty and placement opportunities.

Text Formatting Example

Vinay(boldtext)
iVinay(Italic Text)
vinay(Underlined Text)
H₂O (Subscript)
x² + y² (Superscript)

Courses Offered (Ordered List)

- 1 CSE
- 2 CSE(AI&ML)
- 3 CSD
- 4 MECH
- 5 EEE

College Facilities (Unordered List)

- Central Library
- Computer Labs
- Hostel
- play ground
- Transport Facility
